Internet Archive

Internet Archive är en webbplats med ett arkiv som är tillgängligt över Internet. I webbplatsen ingår Wayback Machine med arkiverade kopior av olika webbplatser från 1996 och framåt, samt arkiverade ljudband, datorprogram och filmer, som antingen inte har upphovsrätt eller har en Creative Commons-licens. Internet Archive samlar till skillnad från exempelvis Google Book Search (Google böcker) endast böcker som är i public domain eller från vilka de fått tillåtelse från författarna.

Anders Dernback specializes in making Power Point slides. Like picture books, the design is a mix of text and many pictures. The idea is not to target the layout used for presenters. There are usually few pictures and a few words. It takes a person who speaks to that kind of imagery. The slides have had approx. 700,000 readers from 195 different countries. The Slideshow Store displays 800 slideshows. 430 are free and they are clearly marked. Link to Slideshow Store:
